

PROFESSIONAL INSURANCE AGENTS ASSOCIATION OF OHIO, INC.

FOUNDATION

FOR THE ADVANCEMENT OF INSURANCE PROFESSIONALS

Agency perpetuation continues to be an ongoing issue for the insurance industry, and PIA has been working hard to address this issue, primarily through the Internship Program which began in 2006. Recently, PIA registered the Foundation for the Advancement of Insurance Professionals, which firmly solidifies PIA's commitment to the Internship Program and PIA's continued resolve to strengthen the program and invest in the industry's future.

The foundation will allow for continued support of the development and implementation of PIA's Internship Program and grants that will enhance the insurance industry as the Internship Program continues to promote the industry as a desirable career choice for college students. This includes providing internship grants for college students; leveraging industry resources to promote the industry as an attractive career choice; and providing insurance agencies the opportunity to partner with the Foundation in a common goal of advancing the insurance industry.

The foundation will exist as a separately incorporated 501(c)(3) organization and all contributions to the foundation will receive the maximum tax deduction allowed by law.

Your investment in PIA's Internship Program signals to the industry - and to all independent agents - your commitment to the perpetuation of the insurance industry. Please contribute today!

Contribution Form
